

## 2020 Student-to-Student Pricing/Expectations

- **INSTRUCTOR APPROVAL**  
Instructor approval is required before student to student services are started.
- **GUESTS COME FIRST**  
Be aware, that if a client comes into the salon for a service, you may be asked to work on the guest and stop the student to student service that you are rendering.
- **DAVIS TECH APPROVED KITS/PRODUCTS**  
The law states that all salons/spas/schools are required to have MSD sheets available at all times on all products used in the salon/spa/school. In order to be safe and legal, only Davis Tech approved products can be used in the salon/spa/school.
- **DISPOSABLE KIT**  
Disposable kits may be available in the bookstore.
- **DISPOSABLES**  
Students can purchase your own disposables (i.e. cotton, Q-tips, gauze, etc.) outside of the salon. Because disposables are chemical-free, MSD sheets are not required by law. Students can also purchase disposables from the salon.
- **CHEMICAL PEELS**  
By law, the purchase of chemical peels requires a professional license. Because you are practicing under Davis Tech instructors' licenses while on campus, only peels purchased at Davis Tech can be used when working on another student.
- **RECEIPTS**  
Pay the appropriate fee for your service, then show the receipt to the instructor before starting your student to student service.
- **STUDENT DISCOUNTS/KIT USE**  
Student discounts and kit use is only for Davis Tech Beauty Department students, not friends or family.
- **SKIN REJUVENATION/LASER**  
Students receive the normal student discount for skin rejuvenation and all laser services which is 50% of normal guest pricing.
- **FAMILY/FRIEND DISCOUNTS**  
Students are encouraged to use five monthly 30% off coupons to build your future business. You may choose to use these coupons for your friends and family, however use them wisely.
- **STUDENT TO STUDENT SERVICE LIMITATIONS**  
See your instructor regarding student to student service limitations. Programs within the Beauty Department have varied student to student service limitations due to the length of your program.

### Notices

- No student-to-student services or being a model on Fridays for all Cosmo, Hair Designer and Nail Tech Students. (Esthetics students may work within the esthetics student to student area if time is available on Fridays.)
- All Students can PRE-BOOK appointments outside of your clinical time Monday – Thursday. (NO FRIDAYS)
- No chemical services are booked after 2:00 on Fridays, for Cosmo and Nails.
